

SPOKE FOR SILVER IN THE SENATE

SENATOR COCKERILL FAVORS THE WHITE METAL

Critics of Cleveland and Carlisle as well as of Senator Sherman—Pacific Railroad Investigation—House Acts on Contested Elections—General News of the Capital.

Washington, March 14.—The excitement of the Cuban debate gave way in the senate Friday to Mr. Cockerill's speech, occupying four hours, on the financial question. Mr. Cockerill's speech was an elaborate presentation of the financial question from the silver standpoint. Mr. Cockerill occasionally left his arguments for very sharp personal criticisms of Secretary Carlisle. The senator referred also to Senator Sherman as "that distinguished gold monometallist-bimetallist," and read from Mr. Sherman's utterances in 1878, when he was secretary of the treasury, that the government reserved the legal right to redeem government obligations in silver. If this policy had been carried out there would have been no raids on the treasury. Exclusive gold payments was a voluntary assumption on the part of the secretary of the treasury. There had been no gold raids prior to 1891 because the silver dollar up to that time was the "watchdog of the treasury."

"And it was a more potent watch dog than any of the Rothschilds or the Belmonts," added Mr. Cockerill.

Mr. Cockerill spoke of the timidity of gold as a money, and referred to the agitation caused by President Cleveland's "Venezuelan message with a string tied to it." That message made the whole country tremble like jelly, and the press of New York declared that \$100,000,000 had been lost in consequence.

The senator declared that the democratic party could not be divided by the silver question. It was the pillar of cloud by day and the pillar of fire by night, the great constitutional beacon of the democratic party, the one on which all its victories had been won, and those who opposed it would slough off from the party, but would not divide it.

THE PACIFIC ROADS.

Interesting Facts Being Brought Out by the Investigation.

Washington, March 14.—The senate committee on Pacific railroads resumed its sitting Friday, devoting itself to the Union Pacific. Oliver W. Mink, one of the receivers of that road, was interrogated by Senator Wolcott, and said there was included in the Union Pacific system about 5,000 miles of road, of which about 1,430 miles was government-aided road and about 1,822 miles which belong to the Union Pacific company. For these 1,822 miles the gross earnings had been, for the twenty-six months since the road came into the hands of the receivers, \$32,832,632 and the operating expenses \$21,179,233. He said that in this time the company had paid \$3,506,365 in interest on debts secured, especially upon the company's lands, of which it held 3,347,000 acres.

The inquiries during the afternoon session of the committee were devoted to the question of re-organization. Mr. Mink still being on the stand. He said that the Union Pacific, judged by the earnings of recent years, would not be able to assume a fixed interest charge of to exceed \$4,000,000. He suggested that the United States ought to proceed in this matter as any other creditor would, which would be to appoint a commission and empower it to negotiate for a settlement. Mr. Mink took positive ground against government ownership of the road.

Mr. S. H. H. Clark, one of the receivers, said the entire Union Pacific line of 1,822 miles had cost an average of \$60,000 a mile, and it could be duplicated for about half that amount at the present time. When Mr. Clark concluded, Chairman Gear announced an executive meeting of the committee for Monday, when it will be decided whether any more hearings will be necessary.

For Remedy in Federal Courts.

Washington, March 14.—As a result of the discussion by the house judiciary committee of the subject of giving foreigners who may be injured by mob violence in this country access to the United States courts to secure financial redress for their grievances, instead of the usual suits in state courts, Mr. Connolly (Ill.) has drawn a substitute for the bill recommended by Chairman Hitt of the committee on foreign affairs and Secretary Olney. Mr. Connolly explains that under his plan foreigners who had entered the United States by evading the naturalization laws would have no claim upon the government for injuries which might be inflicted upon them, nor would fugitives from justice. It also provides that the states shall be protected in the trials by their attorneys. The plan is looked upon with favor by Mr. Hitt, and its ideas are likely to be adopted by the judiciary committee in any bill which it may recommend. The damage suits would be tried in United States circuit courts.

Mr. Robbins Unseated.

Washington, March 14.—After two days' debate the house Friday, by a vote of 173 to 59, unseated Gasten A. Robbins from the Fourth Alabama district and decided that his republican

opponent, W. F. Aldrich, was elected and entitled to the seat. All the republicans, with the exception of Mr. White (Ill.), and the populists and three democrats—Messrs. Cobb, Dockery and De Armond (Mo.)—voted for the majority report. The 59 votes against the report were cast by democrats, with one exception. Before the case was taken up, the house passed bills granting American register to the steamer Mattawan, requiring officers of American steamers to be citizens of the United States, and repealing the laws exempting from tonnage duties vessels from countries which extended similar exemptions to our vessels.

To Hasten Work in the Navy.

Washington, March 14.—The bureau of construction and repair of the navy department sent to the house committee on naval affairs a request for a special appropriation to put a number of war vessels into shape for service if they are needed. The sum of \$350,000 was asked for, and the department represented that with this amount ten ships which are now out of commission can be made ready to go into commission if their services are needed. The committee decided to recommend that the appropriation of \$350,000 be made, and that the money be immediately available. They also reduced the regular appropriation for construction and repairs, which had been set at \$14,000,000, to \$12,500,000, to partially offset this action.

Direct Vote for Senators.

Washington, March 14.—At a full meeting of the committee on privileges and elections Friday Senator Mitchell, chairman of the committee, was authorized to report his joint resolution proposing an amendment to the constitution of the United States providing for the election of United States senators by a direct vote of the people. The vote in committee was 5 to 4 in favor of the amendment, three republicans and two democrats voting in the affirmative and two republicans and two democrats against.

For a New National Holiday.

Washington, March 14.—In the senate Friday Mr. Pepper presented a petition of Gen. Hugh Cameron of Douglas county, Kas., asking congress to make the 5th day of April (Resurrection day) a national holiday.

ILLINOIS EDITORS ADJOURN.

Meeting Closes at Chicago with Election of Officers.

Chicago, March 14.—The Illinois editors closed their session Friday afternoon and departed. Mr. Charles M. Tinney, editor of the Virginia Gazette, will be at the head of the organization during the next year. He served as treasurer upon the retiring staff of officers so successfully that his promotion was unanimously agreed upon. Next year's session will be shortened to three days. It was plainly evident during this meeting that four days was too long a time. The members were either late in coming or early in leaving, and it was thought best to consolidate the attendance and program into three days. There was no opposition to the change. The following are the officers elected: President, C. M. Tinney, Virginia Gazette; first vice-president, W. F. Beck, Olney Times; second vice-president, G. W. Dicus, Rochelle Register; third vice-president, S. W. Kessinger, Litchfield Monitor; secretary, J. M. Page, Jerseyville Democrat, re-elected; treasurer, M. F. Walsh, Harvard Herald.

Britain to Abandon Transvaal.

London, March 14.—A Pretoria dispatch to the Times says: "Mr. Chamberlain, in an important dispatch, has suggested to President Kruger the possibility of abrogating the convention of London if the Transvaal redresses Uitlander grievances and grants the franchise to British subjects. The dispatch also suggests a treaty of amity, by which Great Britain shall guarantee the independence of the Transvaal. President Kruger has intimated that he will reply to this in three days. Preparations are afoot for President Kruger's journey to England."

New Iowa Judicial Districts.

Des Moines, Iowa, March 14.—The republican majority in the house Friday passed two bills redistricting judicial districts so that the republicans will gain four district judges, two by the creation of new judgeships and two by changing the political complexion of districts. Senator Waterman, one of the republican leaders, will oppose the bills when they reach the upper house on the ground that they are unfair and partisan in purpose. He may be able to defeat them.

Senator Cullom Waiting.

Washington, March 14.—Senator Cullom's friends in the Illinois delegation are trying to decide among themselves whether he has withdrawn from the presidential race, or will continue. Congressman Aldrich, before leaving for Chicago, said that he had lunched with Mr. Cullom, and the senator told him that he was in the race. Mr. Cullom says he is not doing anything—simply waiting developments.

Iowa State Official Arrested.

Des Moines, Iowa, March 14.—S. J. Spalding, for four years secretary of the state pharmacy commission, was arrested Friday charged with embezzling \$13,000. His bond expired in 1895, and the state loses the entire amount.

THE TRADE REVIEW BY DUJN COMPANY

BUSINESS STILL IN WAITING CONDITION.

Movement in Materials and Manufactures are Very Different—Results of Adequate Consumption and Combination are Felt—The Failures of This Year and Last.

New York, March 14.—R. G. Dun & Co.'s Weekly Review of Trade says: "Waiting is still the rule. The feeling that the spring of 1896 ought to bring larger business will suffice to meet expenses all the season if the larger business does not come. It is especially noteworthy that prices of materials have varied differently from prices of manufactured products, although in most cases the advance last fall was commenced by extraordinary uplifting of prices for materials. Thus cotton is 27.9 per cent higher than a year ago, but cotton goods average only 10.7 per cent. Wool is but 5.3 per cent higher than a year ago, but woolen goods are, on the whole, about 4 per cent lower. Pig iron is only 17 per cent higher than it was a year ago, while finished products of iron and steel average 45 per cent higher. These comparisons are important because they disclose something of the grave dislocation of prices which inadequate consumption and combinations have produced.

"The output of pig iron March 1 was 189,583 tons weekly, against 198,599 Feb. 1, but the unsold stock has risen 69,764 tons during the past month, or 17,441 weekly, and the unsold stocks of the great steel companies are not included. There is reason to believe that actual consumption is still at least 10 per cent smaller than the production of pig iron, and the price of Bessemer at Pittsburgh has again declined slightly to \$12.25, with exceptionally large sales even below that figure. Prices of finished products are not quotably lower, although all markets are weak in tone. The industry is waiting for a larger demand, which it is hoped may soon come to clear away the accumulation of surplus stock.

"Cotton goods sell slowly, notwithstanding recent reduction in price, and the enormous accumulation of unsold stocks causes apprehension in many quarters.

"In woollens the demand is very largely for low grade goods, and fierce competition affects the prices of the better grades materially. In clay worsteds the manufacture has been so far overdone that the stoppage of some most important works is considered not improvable. The great need of a more effective law to prevent undervaluations of imports is now realized by all parties.

"Sales of wool at the three chief markets are the smallest in five years, and for two weeks have been only 6,683,900 pounds, of which 3,329,200 were domestic, against 9,541,500 last year, of which 5,180,800 were domestic, and 12,017,676 in 1892, of which 8,369,425 were domestic. Prices are still maintained, with decrease in Australian supplies.

"The market for wheat is weaker, with no better reason than the government report of wheat in farmers' hands, which is altogether out of keeping with the government estimate a year ago, and yet is probably more nearly correct. Western receipts still exceed last year's, and for two weeks have been 4,567,392 bushels, against 3,636,715 last year, while the Atlantic exports, flour included, this week are a little smaller than a year ago, and for two weeks are 2,921,097 bushels, against 3,510,152 last year.

"Corn is a shade firmer, without apparent reason, and cotton maintained a sixteenth, although the prospect of the yield this year is at least as good as it has been at any time.

"Failures for the week have been \$2,911,775, against \$1,683,052 last year, and \$2,276,292 in 1894. Manufacturing were \$896,915, against \$785,296 last year, and trading were \$2,095,560, against \$897,656 last year. Failures for the week have been 300 in the United States, against 265 last year, and sixty in Canada, against fifty-seven last year."

TROOPS UNDER ORDERS.

Kentucky Militia Ready to Move to Protect Jackson and Walling.

Louisville, Ky., March 14.—The First regiment of the Kentucky state guard is in readiness to move at an hour's notice if there is any danger of mob violence to Jackson and Walling, the alleged murderers of Pearl Bryant, who are to be extradited. So far as Gov. Bradley can learn, there is not the slightest danger at Newport, but he prefers not to take any chances with the alleged organized band of avengers from Greencastle, Ind., and the rabble of Cincinnati, Covington and Newport.

Killed by a Rejected Lover.

Benton Harbor, Mich., March 14.—Miss Gertrude Bailey, who resided with her parents on the Sutton farm, four miles from this city, was murdered by Archie Belangea, a rejected lover, Friday afternoon. He first tried to kill her sister and mother. The murderer escaped to the woods, but was pursued by a posse of farmers. The dead body of Belangea was soon after found under a tree with a bullet-hole in the head. He had shot himself.

A LIFE IN DANGER NEAR ST. LOUIS

ILLINOIS MURDERER STONGLY GUARDED.

Everett A. Rossy, Charged With Causing the Death of Thirteen Year Old Olivia Bailey Takes to Edwardsville For Safety—Scarcely a Shadow of Doubt of His Guilt.

St. Louis, Mo., March 14.—Everett A. Rossy of Collinsville, Ill., was arrested in St. Louis two days ago and is now in jail with his wife, Maude, both charged with the death of the latter's 13-year-old sister, Olivia, who was buried Tuesday with her infant. All Madison county is aroused over the awfulness of the charges made, and there are threats of lynching. The jail is heavily guarded. Sept. 6, 1891, Everett A. Rossy was married to Maude Bailey at Collinsville. Last September, according to the dying statement of Olivia Bailey, she was betrayed by her brother-in-law. Last Monday she died, after giving birth to a child that survived her but few hours.

Rossy fled, telling his neighbors he was going to Glen Carbon, Ill., but in the darkness he walked fourteen miles to Venice and crossed the Mississippi river to St. Louis. Constable Frank Warner was sent to bring Rossy back. He located Rossy in St. Louis, and, to save the trouble and expense of securing requisition papers, asked him to go with him to East St. Louis to visit friends. Rossy fell into the trap.

Meanwhile the village of Collinsville was in a state of excitement. Rumors had filled the air for several days, but the truth was not fully known. The male population was at the depot as the train rolled in at dusk, but Warner and his prisoner was not molested, and beyond low mutterings and threats the crowd made no demonstration. The crowd grew so large and threatening that Rossy was taken from the jail and conveyed to Edwardsville for safe-keeping. His wife was also arrested.

Said Mayor Killinger, of Collinsville: "I do not believe there is any doubt of Rossy's guilt, but what part his wife had in the crime it is hard to say. They will get a fair trial, but if Rossy were here now, he would hang, sure."

Impression prevails in Collinsville that Rossy induced his wife to administer drugs to the child Olivia, in the hope of concealing the first crime.

Dr. C. R. Oatman, who attended the dead girl, says: "She died of inflammation of the stomach, and the inflammation was not caused by her delicate condition, nor was her death the result of maternity. I believe she was given some drug by Rossy and his wife, but what I am not prepared to say. I have a number of facts that can only be revealed at the trial."

Owing to the absence of the coroner, no autopsy has yet been held.

Nominees Decline to Run.

Indianapolis, Ind., March 14.—The Rev. E. G. Shouse, the Baptist minister from Terre Haute who was nominated for governor by the prohibitionists, has declined to make the race. He says he has decided, after having thought over the situation, that a minister of the gospel should not mix politics with religion. The executive committee of the party had decided to make J. G. Kingsbury of this city, who was nominated for lieutenant-governor, the candidate for governor. S. M. Saylor of Huntington, who was nominated for attorney-general, has also declined to make the race. Charles Flynn, of Wabash, will probably be placed on the ticket in his stead.

Have Offered No Pardon.

London, March 14.—The officials of the National Sporting club say they have not yet offered a purse for a match between Robert Fitzsimmons and James J. Corbett, and that no articles have been sent by this club to the United States for their signature. They add, however, that they are quite prepared to arrange a meeting on certain conditions, one of which is that Corbett must make an apology to the club for his statements reflecting upon its members, made after his return to the United States from England.

Iowa Bars Out Cigarettes.

Des Moines, March 14.—The anti-cigarette bill passed in the senate Friday just as it came from the house, so that it will be ready for the governor's signature in a few days. It absolutely prohibits the sale of cigarettes under any pretext to any person, but allows sale at wholesale for shipment out of the state. It is claimed by some lawyers that the bill is unconstitutional.

Silver Men Organize.

Salem, Ill., March 14.—Bimetallist unions have been organized in various parts of Marion county. The organization here numbers over 200 members, and the general expression of the members is that they will not support any party ticket that does not declare for the free and unlimited coinage of silver at the ratio of 16 to 1.

Insurgents Nearing Havana.

Havana, March 14.—The insurgents are again in the central portion of Havana province in force, and are moving westward to the neighborhood of the city of Havana. Another report says Antonio Maceo has entered the province of Havana along the south coast.

SENATORS PASS THE LIE.

Fiery Talk in the Upper House of the Kentucky Legislature.

Frankfort, Ky., March 14.—Senator Bronston, the leader of the democratic forces for Blackburn for United States senator, when informed that Gov. Bradley had given the sheriff of Franklin county instructions to clear the corridors and cloak-rooms of Kentucky's legislative halls, denounced the act with intense bitterness. The senator proposed a resolution denouncing the governor for interfering, saying: "Let the governor leave us alone. Pass the resolution and condemn the man who is governor by accident. I denounce his action and am ready as a Kentuckian and as a man to be responsible for this utterance."

Senator Deboe (rep.) was instantly on his feet and exclaimed: "And I denounce the gentleman who has just spoken and say that his reflection on Gov. Bradley is absolutely untrue. I say it to his face."

Bronston jumped to his feet and commenced to unbutton his vest, and many thought the long predicted time for bloodshed in Kentucky's state house had arrived. But Bronston drew no weapon, for his action had completely quieted the senate and the chairman could be heard. He pleaded with Bronston not to do anything rash, saying he was satisfied a misunderstanding existed.

Senator Salyer moved that the resolutions denouncing the governor be referred to the committee on rules, which was done.

Senator Bronston afterward retracted all that he had said in disrespect of Gov. Bradley, and Senator Deboe retracted what he had said regarding Bronston and peace reigned again. It is believed more firmly than ever that no senator will be elected by this legislature.

INJURED IN A FLYING SWITCH.

Six Persons Seriously Hurt on the Vandalia Road.

Brazil, Ind., March 14.—A disastrous collision occurred on the Center Point division of the Vandalia at Center Point Friday morning. The passenger train, in endeavoring to make a flying switch, collided with a miners' car, badly demolishing it. A caboose which was attached to the passenger train was also wrecked, and six persons received serious injuries. The injured are:

John Robert Payne, sheriff of the county; seriously injured.

William Kennedy, conductor of the train; right foot so badly mashed that amputation is necessary.

William May, a miner; left ankle dislocated and injured in the small of the back.

Lewis Gumm, a miner; thrown against side of the car and neck and back injured.

Harley Henderson, express messenger; deep cut in the face and right hand mashed.

Benjamin Boansky, peddler; injured internally and both knees bruised.

Witnesses claim that the wreck was caused by the negligence of the trainmen.

Encampment Date Not Changed.

St. Paul, Minn., March 14.—The date of holding the thirtieth national encampment of the Grand Army of the Republic will not be changed. The original date was the first week in September, and that will be adhered to. The rumor of a change of date for the encampment was started during General Walker's visit to St. Paul early this week. The general did not request a change of the date, but simply expressed the opinion that a later date would better accommodate one or two departments, but no change was made or proposed.

Canadians to Draw Out.

Ottawa, Ont., March 14.—At a meeting of the executive committee of the Knights of Labor and other prominent labor men it was decided to form a Canadian federation of labor having no connection with the United States labor organizations and to organize at once. Canadians believe there is no longer anything to be gained by their connection with the international association, since the alien law as enforced by the United States prevents a Canadian member of affiliated bodies from obtaining employment in the states.

St. John Wants No Public Office.

Olathe, Kan., March 14.—Ex-Governor John P. St. John, in an interview, denied the statement recently made that he is or will be a candidate for congress in this (the second) district. Furthermore, he says he is not an aspirant for any public office within the gift of any party.

Springfield, Ill., March 14.—Gov. Altgeld yesterday gave a hearing to the attorneys who are here to urge a stay of execution or a commutation of sentence of Albert Wallace, the Tazewell county murderer, who is sentenced to be hanged at Pekin to-day. The governor heard the arguments, but refused to extend executive clemency.

A BRIGHTER OUTLOOK.

Italian Affairs Are in a More Promising Shape.

Rome, March 14.—Out of the terrible storm of popular anger which swept over Italy when the news of the defeat of the army under Gen. Baratieri reached here, little remains but a feeling of great resentment against the Italian commander. All rioting has ceased. The reservists, who fled from the country sooner than go to Africa at the call of the government for the class of 1872, are returning, and it is not believed any steps will be taken to punish them.

Negotiations with King Menelik have been opened, it is expected peace will be concluded before long, and the war office has countermanded the instructions sent to various points for the hurrying forward of reinforcements to Africa.

It is learned the Marquis di Rudini has promised the king not to take any proceedings against Sig. Crispi. Sig. Crispi is making strenuous efforts to overthrow the Marquis di Rudini as soon as parliament meets.

Every fresh advice from Africa only tends to confirm the most alarming reports of the disaster at Adowa and, although the official figures have not yet been made public, it is admitted that over 12,000 men were killed, wounded or made prisoners. It is believed that the loss of the Abyssinians was almost as great. The Abyssinians captured almost all the Italian artillery, ammunition and supplies.

TAILORS ON A STRIKE.

Thirteen Thousand Go Out in the City of Chicago.

Chicago, March 14.—Thirteen thousand tailors went out on strike Friday in sympathy with the cutters whose efforts for nearly a month have been centered upon compelling the local manufacturers' association to agree to the union's terms.

A conservative estimate asserts that fully 30,000 people are directly concerned in the strike now on. The claim is made that the tailors really selected a very inopportune time to display their sympathy for the striking cutters. Twenty-five days of idleness on the part of 800 cutters are not calculated to be conducive to a surplus of material in can work. Without the cutters the tailors could not continue at work very long.

WILLIS WILL RETURN.

Said to Be Persona Non Grata to Hawaiian Government.

San Francisco, Cal., March 14.—A special from Honolulu to a local paper says that United States Minister Willis has announced his intention of leaving Hawaii April 5, and it is generally believed he will not return. Mr. Willis' departure is looked upon as the only recourse left, as he has been persona non grata from the moment of his arrival. There has been more or less talk of the possibility of the Hawaiian government giving Minister Willis his passports, and it is fair to surmise that Willis is leaving to prevent such a contingency.

Oklahoma Swept by Flames.

Guthrie, Okla., March 14.—A prairie fire raged for three days near Hardesty, Beaver county, doing many thousands of dollars' worth of damage to ranges, stock and buildings. The ranches of James Blaud, John Hutchinson, William Houser, L. F. McManis and George Henderson were devastated. Mrs. Carter, who was alone at home, fought the fire for hours, saving her home and most of her husband's stock. She was found lying on the prairie unconscious by her husband on his return home.

McKinley Wins New York Delegates.

Buffalo, N. Y., March 14.—The republican caucuses in Erie county Friday elected two ardent supporters of McKinley for the republican presidential nomination, who will go to St. Louis prepared to vote for the Ohio candidate first, last and all the time. In the 321 congressional district, which is entirely within the city, Gov. Norton had a majority by 34 against 21.

WE KEEP THE QUALITY OF OUR

Laces and Veilings

Trifles light as air, yet with a price weight that makes them heavy enough unless you look before you buy. You pay a smart price some places for the same laces you can get here at a fair price. We don't ask a fancy price for a veil simply because it is fashionable or a new mesh; a conscientious dry goods profit is on all of these goods; a fair price is all we ask, no more. Our new showings are marvels of beauty. Matched sets in Valenciennes, lovely things. The new embroidered batiste insertions in white, ecru and linen. All over embroidered batiste in linen color. Vals in linen shade. 50 pieces of handsome laces at moderate cost.

A new skirt to match your old waists means nominally a new dress so far as street wear is concerned. It's a simple way of settling the question of what to wear 'till the new spring gowns are ripe; take a look at our skirts, see if they meet your notion of a good thing to piece out your wardrobe.

Carpets

It is scarcely the thing to go into rhapsodies over the beauty of our new carpets. You might call it silly to speak of style in connection with commonplace floor coverings that you tread under your foot. Maybe you are right. We will confine ourselves to their goodness, their wearing qualities, the variety and low price. We leave style and beauty for you to discover, and you'll do it, you'll talk about them.

Underwear

With mercury on a sliding scale, spring one day, mid-winter another. one has to be careful. Warm underwear is indispensable. It is most dangerous to take chances now. We have a better assortment now than most stores had last fall. We can give you anything you want in underwear—light, medium or heavy—with a price that saves you money. It's a good investment to buy underwear now for next winter at our present prices.

TOOK HEMMING FOR A HEALER

Rockford Shoe Man Is Visited By Many Cripples

According to the Rockford Star, two gentlemen, evidently rural residents, dropped into the Hotel Hoffman, at that city, at the noon hour the other day and inquired for Mr. Hemming, the former Janesville man. The clerk said the gentleman was at dinner and they replied they would wait. When the well known shoe dealer sauntered out of the dining room the strangers fell upon him.

"We want you to cure us, Mr. Hemming," they cried with one voice. Charlie was amazed.

"What do you take me for?" was all he could say.

"Why aren't you Mr. Hemming, the Belvidere healer?" they asked. "We read about you in the paper and want you to help us."

"No, I'm no healer, if I do put soles on shoes," said Charlie, when he could recover his composure. "I never mix in politics."

The sick men departed rather crestfallen. Now Charlie regrets that he didn't feel their pulse of each and touch him for a V.

The above pantomimic comedy which has had such wonderful success everywhere will be seen at Myers Grand, Wednesday, March 18th. The Brothers Byrne are a really progressive firm of clever artists, and in this season's production will give their many admirers a rare treat, for they have perfected a number of new and startling tricks besides several scenic effects that are a marvel of stagecraft. An outlay of a large sum of money by these inimitable pantomimists results in one of the most realistic stage productions before the public. The last act is entirely new and will convince our theater goers that the Brothers Byrne are head and shoulders over other artists on the pantomime stage.

CIGARETTES ARE VERY CHEAP.

Janesville Smokers Can Get Them For Almost Nothing.

Local smokers of the "deadly cigarette" are happy on account of a merry war that is now on between manufacturers. For some time past Janesville dealers have been selling a package of ten-cent cigarettes for five cents, but soon the war began and a new brand appeared, the box containing twenty cigarettes for the same price. While the local dealers were still wondering how the new move could pay the wholesalers, along comes another brand. Although each box contains but ten cigarettes of this brand, every package contains a one-cent piece.

COAL MEN FIGURE ON PRICES.

Eastern Combine's Action Will Govern the Cost of Black Diamonds.

Local coal dealers are wondering if the price of that article will hold its own during the summer. During the past month the largest shipments of coal that the Bower City dealers have received in many a day have arrived, and a local dealer remarked that the price this summer depended much upon the "eastern combine." If a break takes place coal will be no higher than it has been for summers back, but if this strong combination "make it a go" the result will be different.

A RELIC OF THE PAST.

Surgical Operations for the Cure of Piles and Rectal Diseases

NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Diseases.

It has long been thought not only by some physicians but by the people in general that the common, painful and exceedingly annoying trouble, piles, was practically incurable, and that the only means of a surgical operation, and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, ointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 601 Mississippi St., Indianapolis, was told by her physician that nothing but a surgical operation costing between seven and eight hundred dollars could cure her as she had suffered for 15 years; yet even in such a case as hers the Pyramid Pile Cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very little hope and it is not to be wondered at that I am so enthusiastic in its praise."

Major Dean of Columbus, Ohio, says he suffered for 40 years from piles and 20 years from itching piles and in his case two packages of the Pyramid cured him.

Mr. D. E. Root of South Lyons, Mich., says I would not take \$500 and be placed back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I used it and not the slightest trace of the trouble has returned.

The Pyramid Pile Cure is sold by nearly all druggists at 50 cents, and \$1 per package and as it contains no opium, cocaine or other poisonous drug can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial. Made by the Pyramid Co., Albion, Mich. Any druggist can get it for you.

THIS DAY IN HISTORY.

1590—Decisive battle of Ivry and victory of Henry of Navarre.

1806—Frederick Theophilus Klopstock, German poet, died; born 1724.

1820—Victor Emmanuel, in whose reign the unification of Italy was completed, born in Turin; died Jan. 9, 1878. Italy's first king was born to the throne of Sardinia.

Cavour became his prime minister in 1832 and in 1854 he gained admission to the convention of European powers by joining with England and France in the Crimean war. When Austria invaded the Sardinian kingdom, in 1859, Cavour called upon his old ally France and the Austrians were defeated at Magenta and Solferino. From that time on the Italian states deposed their petty princes and in 1860 all Italy was united.

1864—John T. Ford, well known theatrical manager, died at Baltimore; born 1829.

Republican Congressional Convention.

A WISE MOVE.

Rock county republicans took practical steps toward a more effective organization when they voted to have committeemen from each town and precinct chosen at the regular caucuses. The committee will be closer to the people and will have double the power, while the chairmen will be sustained immeasurably.

THE CHEAP MONEY VIRUS.

One of the curses of the greenback experiment was that when the notes depreciated in value there existed a seeming necessity for the increase of all salaries for public service. Throughout the country there was an advance in the way of officials more than answering to the fall in the gold value of the greenbacks with which payments were made. But when the day of resumption came it was found to be impossible to cut down salaries in proportion to the advanced worth of legal tender paper. As a result the cost of government has been more than doubled. With larger pay public officials seem determined to do less work. The labor is more and more thrust upon subordinates. This is strikingly shown in the facts submitted by Senator Chandler with reference to the extravagance of the United States senate. He states that there are about four employees for every senator and that the cost to the country has risen to an aggregate of \$500,000 yearly. The same vice of reckless waste of the public money runs through our whole system—federal, state and municipal. We have probably the most burdensome government in the world.

Japan has had the same finance minister for twenty-five years. The people of this country should give thanks that they will not have to put up with Secretary Carlisle for such a long period. It is true that he has so nearly done his worst during the last three years, that fear of what he might do during his last year in office has been discounted. Still it will be a relief when he is succeeded by a republican, as he will be on the fourth of next March.

The certainty of republican success at the polls this year while fortunate for the party and the country may not be so for some of the would-be candidates. The man who loses the respect of the party, in his efforts to gain supporters, may be sure that he will also lose the nomination.

Nobody has reported that any of the Italian residents in the United States have volunteered to go to Abyssinia to help Italy try to remove the disgrace of the crushing defeat administered to her army by the natives.

Mr. Cleveland has been so busy disciplining members of his cabinet that he hasn't written that letter declining to allow the use of his name before the Chicago convention.

"Cuba Free" has been put upon the dramatic stage, but whether free Cuba is to take its place upon the world's stage is still a question.

Rudini's record as head of the Italian ministry does not promise a howling success for his resumption of his old job.

Britain and the Dreihund.

London, March 14.—The important announcement that the Egyptian troops would advance up the Nile forthwith to occupy Dongola is officially confirmed by the foreign office. Taken in connection with the evidences that Count Goluchowski has succeeded by his visit to Berlin in strengthening the ties of the existing dreihund, Great Britain's diversion in Egypt in favor of a member of the dreihund is regarded as extremely significant.

WOODMEN TO MEET HERE ON APRIL 15

SIX HUNDRED DELEGATES TO
BE PRESENT.

At That Time Arrangements Will Be Made For the Big Picnic of the Order, and the Date and Location Chosen—Business Men Interested.

The local picnic committee of the Modern Woodmen held an important business meeting last evening. At the meeting the date for the delegate convention was set for April 15. The meeting will be held in this city, the business being to arrange for the picnic as to date and location. Other matters of importance will also come up.

The local camp expect a delegation of six hundred to be present on that date, and they will be the guests of the local lodge while in the city. A grand banquet will be given them, and they will be entertained with a drive about the city. A great deal of interest is being shown by local firms four business houses have come to the front without being asked and offered \$50 each towards the expenses. The delegates who will be here on April 15 will represent six hundred different camps within one hundred miles of this city. Many Circulars Sent Out.

Six hundred circulars have been sent out by the local camp, they being as follows:

EXTREMELY NEIGHBOURS.—The sign of returning spring reminds us that the time is drawing near for the grand annual gathering at the Northern Illinois and the Southern Wisconsin picnic. It is hardly necessary to remind you of the grand success of former gatherings and the great material and social benefits received by all camps attending. What we want to do is for every last one of us to declare that the picnic of 1906 shall eclipse all former gatherings. Florence Camp and the city of Janesville are laboring with that end in view. With our street railways, and steamboats on Rock river, base ball parks and bicycle track, we can assure you that we can entertain the thousands who will come. We would request your camp to elect a delegate to represent your camp at a meeting of delegates to be held in Janesville, April 15, 1906, when full arrangements for the picnic will be made. Neighbor clerk please bring this matter to the attention of your camp at your earliest opportunity, and as soon as your delegate is elected, notify W. H. Ashcraft, Jr., clerk of Florence Camp, No. 236, that we may form some idea of the number of delegates to entertain. Yours fraternally,

H. C. ARNOLD,
Sec'y of Picnic Association.

BENEATH A CLOUD OF SORROW

Mrs. Elvena Martin.

Last evening at 8 o'clock, after a serious illness of five weeks, Mrs. Elvena Martin entered into eternal rest.

Possessing more than ordinary culture, yet unassuming in her self-appreciation, she gave the best of her life to her loved ones around the home circle and her sweet counsels and loving influences fell like a blessing of peace on the hearts of all who knew her best.

Seventy-one years ago she professed her faith in her Savior, and in all her hours of trial her faith never wavered.

Elvena Martin was born near Cooperstown, Oswego county, July 5, 1809. In 1832 she was united in marriage to Dr. Stephen Martin, near Watertown, N. Y. Though of the same name they were not related. In 1850 they removed to this city and for thirty-six years have resided upon the homestead near Milton avenue. Dr. Stephen Martin died eleven years ago.

Of the family there are living three children, Forestus Martin of Fort Bragg, Cal. Mrs. Flora Doty of Chicago and Mrs. Lee Beers of this city. There are nine grandchildren, Storrs, Martin of Philadelphia, Elvena, Louis, Maurice, Mabel and Lawrence Doty of Chicago, Clarence, Mary and Silas Beers of this city.

Funeral services will be held Sunday afternoon at the residence of Lee Beers, Milton avenue, at 2 p. m. Rev. E. H. Pence will officiate.

Miss Annie Butler.

It is a heavy load of sorrow that burdens Conductor Thomas Butler, of Fond du Lac. But a few months ago his wife was laid to rest in Oak Hill cemetery and at 10:40 o'clock last night, the remains of his daughter, Miss Annie, were brought here to be placed beside those of her mother.

Typhoid pneumonia was the cause of her demise and she was but 12 years old. The remains were taken to the home of her grandfather, Patrick Butler, corner of Western avenue and Walnut street and the funeral was held this morning at 10 o'clock from St. Patrick's church.

The Rev. J. J. Collins conducted the funeral services this morning, from St. Patrick's church, the interment being at Mount Olivet. The pall bearers were Frank Keenan, William Stead, Thomas Sullivan, Thomas Stack, Thomas Connors and Stephen Welch.

BOGUS TELEGRAPH SENDER IS
RUN TO EARTH.

Janesville Man Is Notified To Be In Readiness to Go To Washington, D. C., To Give His Testimony—Robber Captured After a Long Search and Indicted.

C. M. Fleek of this city, who was recently bunced out of \$100 by a bogus telegram, received information last evening as to the guilty parties and was notified to hold himself in readiness to come to Washington at any time. After many days of skillful detective work, Lieut. Hallenberger, of Washington, has finally located and now has in jail in the city of Washington, I. I. Cunningham and Van Dwyer. The third party who is known as "Boston Charley" has been captured by the New York City police and is now behind the bars in that city, while the fourth who is known to be "Bill" Hawley, has been located but not arrested. These four men have been indicted by the grand jury. "Boston Charley" and "Bill" Hawley are the men who sent the telegram to this city, while Cunningham and Dwyer are said to have received the \$100 that was sent by Mr. Fleek's son from this city. Mr. Fleek was notified some time ago that the police were hot after the men, but their capture was an agreeable surprise to me.

How many young men and young women are cut off just when the future seems brightest and fullest of promise? They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 95 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

The Spring is your most dangerous time!

Get your blood pure and your nerves strong.

Dr. Greene's Nervura Blood and Nerve Remedy,

Guaranteed Purely Vegetable and Harmless, IS THE GREATEST AND BEST

Spring Medicine!

Are You Prepared for Spring?

It is necessary to prepare yourself for the advent of spring by taking a spring medicine. Use the remedy which cured S. W. Nourse, Esq., of Hudson, Mass.

"From constant worry over business matters," he said, "I suffered from loss of sleep, and became nervous that I was entirely unfitted for my business. In fact, I feared insanity. I used Dr. Greene's Nervura blood and nerve remedy. The effect was almost magical. I could again sleep, mental composure, appetite, and strength returned. Six bottles of this remedy cured me, and I have remained well to this date. I have recommended Dr. Greene's Nervura blood and nerve remedy to many of my friends and neighbors, and have yet to learn of a failure to obtain good results."

He was Cured by Dr. Greene's Nervura Blood and Nerve Remedy.

How to Get Well and Keep Well.

Do You Feel Weak, Tired, and Nervous?

The wonderful cure of Mrs. Oliver Wilson, of Northboro, Mass., will interest you.

"I was suffering from nervousness," she says, "caused by female weakness and nervous prostration. I was so nervous and weak I could not go up a common pair of stairs without stopping to rest, and was troubled to sleep at night. I took Dr. Greene's Nervura blood and nerve remedy, and have obtained my old elastic step around the house, to the surprise of my friends. After creeping around for two years, hardly able to do anything, it has proved a boon to me truly. I know of many others whom it has cured and who speak most highly in praise of it."

Everybody Should take a Spring Medicine.

Read this and You Will Know What to Use.

Mrs. Elmer Craig, of No. Peoria, Ill., tells you how you can be well and strong:

"I was stricken with nervous disease," she says, "which affected my heart, head, and stomach. I doctored with physicians of our town, but got no relief from the terrible sick headaches, pains in the heart and stomach until I used Dr. Greene's Nervura blood and nerve remedy. Before I used this wonderful medicine the nerves in my eyes were so affected that I feared that I would lose my sight. I would not go to school and work I could not walk across the room without terrible palpitation of the heart. I had not taken one bottle of Dr. Greene's Nervura blood and nerve remedy before my head and eyes were cleared of their dull aching, and I am growing stronger every day. I cannot do half justice in the praise of this medicine."

MRS. ELMER CRAIG.

Is Your Blood Pure, Are Your Nerves Strong?

Mr. Seth E. Parsons, of 22 Park St., Albany, N. Y., one of Albany's most prominent business men, states:

"I was very nervous. I could not hold my hands still, especially my left hand; there was an involuntary contraction of the muscles and movement of the fingers. My food troubled me very soon after eating. My kidneys and bladder were affected so it was difficult to urinate freely."

"I used the celebrated medicine, Dr. Greene's Nervura blood and nerve remedy, and without being tedious reciting my experience, I can say that these difficulties have left me, and my nerves are quiet and my food does not distress me. I feel without hesitation in saying that I think Dr. Greene's Nervura blood and nerve remedy has produced these favorable results."

Dr. Greene's Nervura Blood and Nerve Remedy Cured Him.
